## Ethical evaluation of research project

The Board for Research and Research Training (FFU) is the highest body for research matters at the Faculty of Psychology, UiB, and acts as the local Research Ethics Committee. The Research Ethics Committee has been asked to provide an ethical assessment of the research project titled "Helsevaner blant skoleelever (HEVAS)". The PI responsible for this project is Professor Ellen Haug.

The Committee has done its evaluation based on detailed information about the project, together with relevant attachments.

After reviewing the information provided, the Faculty of Psychology's internal research ethics committee has decided to approve the project.
